

Inside

We've assembled all the games you need to have a great party. That includes classics, viral sensations, and everything in between. We brought the rules and the components—and now you bring the party.

1. Beer Pong [Classic]

Players: 1 x 1 or Teams **From The Box:**  x 20  x 2

Overview: The iconic classic. The objective: Get a ball into your opponent's cup, and they must drink it and remove it. This game is typically played on a long table (8 feet by 4 feet wide), but you could play on other hard, flat surfaces that allow the balls to bounce as long as you maintain that distance. The first team to get rid of all of their opponent's cups wins.
