# JACKPOT ROLL™

INSTRUCTIONS

AGES 8+ PLAYERS 2-4 MINUTES 10+

WARNING: CHOKING HAZARD—Small parts. Not for children under 3 yrs.

## READY TO WIN BIG WITH JACKPOT ROLL?

The objective is simple! Roll the dice to match the symbols on the card. Be the first to complete all 3 cards to win the pot. Collect all the tokens to win the game!

### SETUP

Give each player 3 dice of the same color, 3 cards, and an even share of betting tokens.

Place your 3 cards face-up in a vertical row in front of you to create your play area.

## HOW TO PLAY

The game is played in rounds. At the start of each round, every player puts 1 betting token in the center. Whoever wins the round takes the pot.

Start with the bottom card in your row. Everyone races to roll their dice at the same time, trying to match the 3 symbols on that card.

Matched a symbol? "Lock it in" by placing the die on the card. Keep rolling your unmatched dice until all 3 symbols are locked.

When your card is complete, shout "JACKPOT!" All players must stop

rolling and everyone passes their dice to the left, forcing players to restart any unfinished cards with a new set of dice.

The JACKPOT player flips their completed card over and moves to the next one.

## HOW TO WIN THE ROUND

The first player to complete all 3 cards wins the round!

To start the next round, each player is dealt 3 new cards and must place 1 of their betting tokens in the center. No tokens left? You're out of the game!

## WINNING THE GAME

The last player standing with all the tokens wins the game!
